

## **\$20,000 SCHOLARSHIPS NOW AVAILABLE TO FLORIDA ENGINEERING SOCIETY MEMBERS THROUGH FLORIDA INTERNATIONAL UNIVERSITY**

Miami—The Florida Engineering Society (FES) has entered into an agreement with Florida International University (FIU) that makes qualifying FES members eligible for a [\\$20,000 scholarship](#) to pursue FIU's [Corporate MBA degree](#). That savings is almost half of the standard FIU CMBA tuition cost. This special agreement has been created to help address the management development needs of professional engineers in Florida. In addition, the scholarship offer extends beyond FES members to the qualifying spouses and children of FES members to enhance career development, so critical to the future of FES families.

The scholarship offer is in keeping with the FES mission to support engineering education. FIU's innovative and accredited online distance learning CMBA is designed specifically to meet the needs of busy working professionals. Following are some of the benefits that make this program unique:

- A minimum of 18 months to graduate
- No residency requirements; the program is 100% online
- GMAT is not required
- Financial aid is available
- Taught by FIU's full time faculty
- Multiple start dates

The standard tuition for FIU's CMBA is \$42,000. However, through the FIU agreement, all qualifying FES members, spouses, and children will receive a **scholarship of \$20,000**—a substantial tuition savings. FIU will verify FES membership of applicants who cite the FES agreement on their enrollment applications.

Florida International University's Chapman Graduate School of Business is ranked by *U.S. News and World Report* as one of the nation's top international business schools. By completing the 18-month online program, taught by full-time FIU faculty members, CMBA graduates will enhance managerial skills like analytical thinking and reasoning, team building and business strategy—all critical abilities for FES members seeking management development skills.

To apply, complete the online application at [cmba.fiu.edu](http://cmba.fiu.edu) and call **1-866-223-7720** if you have any questions. FES members, spouses, and children must enter "Florida Engineering" as the agreement code on the application.
