Volume 4, Issue 8

August 2009

Inside this issue:

- Florida Laws and Rules for Professional Engineers 1
- Mutual Gains Negotiations 2
- FICE Advanced Work Zone Refresher 2
- FES Partners with MNSPE to offer Civil PE Review Course 2
- Site Development Permitting in SW FL 2
- FICE Roadside Design 3
- Site Development Permitting in Walton and Okaloosa Counties 3
- Engineering Sustainability 3
- Lunch & Learn Webinars 3

THERE IS STILL TIME TO REGISTER FOR THE 93rd Annual Summer Conference and Exposition

The Breakers, Palm Beach
August 5 - 8, 2009

To download an onsite registration form, please click [here](#).
For a program brochure with complete agenda information, please click [here](#).

Florida Laws and Rules for Professional Engineers...plus Professionalism and Ethics

Location: The Breakers, Palm Beach, Florida

Date: August 5, 2009

4 PDHs of Laws and Rules Credit

FES launches it's revised and FBPE-approved Laws and Rules course at the FES/FICE Annual Conference and Exposition. For more information, please click [here](#).

Onsite registrations will be accepted!

FES/FICE Lunch and Learn Webinar Series-Call for Speakers

Share your Expertise!

Interested in sharing your expertise on a specific topic with your peers while helping us provide a valuable service to our members? FES/FICE is seeking knowledgeable speakers with engaging presentations on timely topics to conduct 1-1 ½ hour lunchtime webinars. We're interested in a wide variety of technical and non-technical professional development topics to deliver to our members, so submit your ideas today.

What is a Lunch and Learn Webinar? A Lunch and Learn Webinar is relatively easy to conduct and participate in. Best of all, there is no time away from the office and no travel expenses. Lunch and Learn Webinars take place midday when most people enjoy their lunch breaks. While at their desks, attendees can log on to a dedicated website to view and follow along with a PowerPoint presentation while listening to the presenter via teleconference.

FES/FICE staff handles all coordination details such as promotion, registration, participation instruction and follow-up details such as issuing and reporting professional development credit if applicable. Honorariums for speakers are determined on a case-by-case basis and depend on length of presentation and whether the topic qualifies for PDH credit.

For more information or to submit your interest in conducting a webinar, please submit the presentation title and content summary to Dee Kring, CAE, CMP, Director of Continuing Education at 850/224-7121 or dkring@fleng.org.

2009 Interest Based Mutual Gains Negotiations for Project Management & Professional Services (Mutual Gains Negotiations)

This course will have practical application for FDOT Professional Services Consultant negotiations, and will include emphasis on interactive exercises and discussion vs. lecture.

4 PDHs of Technical Engineering Credit

Locations & Dates:

- DeLand, District 5—August 10-11
- Tallahassee, Central Office—August 18-19

For more information and to register online, please click [here](#).

FICE Advanced Work Zone Refresher Course

Location: Embassy Suites Orlando North, Altamonte Springs

Date: August 27, 2009

6 PDHs of Technical Engineering Credit

Renew your Advanced Work Zone Traffic Control Certification. The Florida Department of Transportation requires that the Advanced Work Zone Traffic Control Certification be renewed every fourth year with a one-day refresher course.

For more information and to register online, please click [here](#).

Wish FES/FICE would hold a seminar on a particular topic? Bring more programs to your city? We would love to hear from you! Please email Dee Kring, Director of Continuing Education at dkring@fleng.org.

FES PARTNERS WITH MNSPE TO OFFER CIVIL PE REVIEW COURSE

- Delivered in interactive webinar format
- A series of 12 webinars over 8 weeks: Thurs. 8/27; Thurs. 9/3, Mon. 9/7, Thurs. 9/10, Thurs. 9/17, Tues. 9/22, Tues. 9/29; Thurs. 10/1, Tues. 10/6, Thurs. 10/8, Mon. 10/12, Thurs. 10/15
- FES Members receive MNSPE Member Rate

For more information, please click [here](#).

Site Development Permitting in SW FL

Location: Crowne Plaza, Fort Myers

Date: September 4, 2009

This seminar offers an insightful view of the permitting flow process of development design in the counties of Southwest Florida. The discussion will include presentations on permitting requirements from SFWMD, and Hendry, Collier, and Lee counties.

For more information and to register online, please click [here](#).

FICE Roadside Design Course

Location: Tampa Marriott Waterside Hotel & Marina, Tampa

Dates: September 15-17, 2009

24 PDHs of Technical Engineering Credit

FICE is pleased to offer a three-day seminar that teaches how to design safe roadsides, as presented in the 2006 AASHTO Roadside Design Guide, the Florida DOT Plans Preparation Manual and the Florida Design Standards. Engineers, designers, and technicians interested in roadside design and those looking to refresh their knowledge should plan to attend.

For more information and to register online, please click [here](#).

Site Development Permitting in Walton and Okaloosa Counties

Location: Hilton Sandestin Beach Golf Resort, Destin

Dates: September 22, 2009

Engineers and planners involved in the land development industry will receive the most current permitting information directly from the permit reviewers. Updates to rules, ordinances, submittal requirements, and key staff positions from NFWFMD, FDOT, Walton and Okaloosa counties, the cities of Freeport and Destin will be included.

For more information and to register online, please click [here](#).

Engineering Sustainability: How to be a Champion!

Location: Embassy Suites Fort Lauderdale – 17th Street

Dates: September 29, 2009

Engineers, designers and technicians interested in green engineering and those looking to refresh their knowledge.

For more information and to register online, please click [here](#).

Lunch & Learn Webinars

FES is continuing our series of Lunch & Learn Webinars. While sitting in your office, hotel room, home, or wherever you may be, you can participate. You only need a computer with internet access and a phone.

Beyond All Appropriate Inquiry – ASTM Update and Status of the ASTM E1903 Phase II Standard

August 18, 2009
12:00 pm—1:30 pm
1 PDH

For more information and to register online, please click [here](#).

Excelling as an Expert Witness – Tips and Strategies from a Technical Perspective

September 9, 2009
12:00 pm—1:30 pm

For more information and to register online, please click [here](#).

Continuing Obligations and Landowner Liability Protections – the Impacts to Brownfields Project

September 23, 2009
12:00 pm—1:30 pm
1 PDH

For more information and to register online, please click [here](#).

FES Stormwater Permitting WEBINAR

September 16 and 17, 2009
10:00 a.m.—12:00 p.m.

4 PDHs of Technical Engineering Credit

One session for each WMD, plus the latest on Florida's Unified Stormwater Rule. Attend from your own office...No traveling, no hotel stays

\$299 FES/FICE Members
\$399 Non-members

More information coming soon to <http://www.fleng.org/seminars.cfm>.

Did you know FES/FICE members save up to \$100 each time they register for a live seminar? Not a member and registered for a live seminar? Not to worry, you can still save \$100. Call FES/FICE Member Services Department to learn how, 850-224-7121.

FES/FICE Now Accepting Applications for 2010 Florida Engineering Leadership Institute

By now you've undoubtedly heard about the FES/FICE Florida Engineering Leadership Institute (FELI). After all, over 200 of your peers have graduated from this program. Founded by FES Past-President John Zumwalt, PE and FICE Past-President Fermin Diaz, PE has been successful in realizing their intentions – to develop a vast network of community professionals and business leaders that will boost the positive profile, stature and public perception of engineering professionals in Florida.

As graduates continue to spread the word about their experiences, we are seeing an increased interest from other FES/FICE members. Many times, the following question is asked: Who Attends the Florida Engineering Leadership Institute? We seek motivated individuals who will use their leadership abilities for the long-term benefit of Florida as demonstrated by:

- A commitment, motivation and interest in serving the profession of engineering in Florida
- A concern for Florida's welfare, demonstrated by past community, professional and statewide activities
- A personal and professional interest in seeking to be in a key volunteer, appointed or elected state, local or regional leadership role profiled in the statewide community of Florida
- Potential or existing occupational responsibilities that have significant influence on important economic, growth management, environmental or infrastructure issues facing the state.

The selection process will target individuals who will enhance the value, stature and exposure of being a class member and Alumni of the Leadership Institute. If this describes you, perhaps you're a prime candidate for FELI.

Simply visit <http://www.fleng.org/leadership.cfm> for complete program information and selection criteria. An enrollment application with submittal instructions can also be accessed from this site.

To ensure an effective learning environment, class size is limited, so don't delay!

FES Membership Application is Now Online!

No paper, no stamps, no need to fax. Just click [here](#), fill out, and relax.

Already an FES member? Forward this newsletter to a friend, colleague, or co-worker today. New or prospective members can apply online at: www.fleng.org/membership-app.cfm.

For more information about membership in FES, click [here](#) or call the Member Services Department at (850) 224-7121.

Wish FES/FICE would hold a seminar on a particular topic? Bring more programs to your city? We would love to hear from you! Please email Dee Kring, Director of Continuing Education at dkring@fleng.org.

ENGINEERING.
It's Practically Amazing!

FES/FICE is seeking a Champion for our Financial Managers' Seminar.

Champions are FES members who have a vested interest in assisting the FES/FICE staff with the planning, promotion, and success of a particular seminar.

Champions have a working knowledge of the area to be addressed by the seminar; are able to suggest the topics and presenters; help FES/FICE staff plan an appropriate agenda; will assist staff in identifying seminar objectives; may make first contact with potential speakers or provide FES staff with the names and contact information of each speaker

Interested professionals seeking further information should contact Dee Kring, Director of Continuing Education, dkring@fleng.org.

Upcoming Seminars & Webinars for 2009

August	
5	Florida Laws and Rules for Professional Engineers (Palm Beach)
5-8	FES/FICE 93rd Annual Summer Conference & Exposition (Palm Beach)
10-11	Mutual Gains Negotiations (DeLand)
18	Beyond All Appropriate Inquiry – ASTM Update and Status of the ASTM E1903 Phase II Standard (Webinar)
18-19	Mutual Gains Negotiations (Tallahassee)
27	FICE Advanced Work Zone Refresher Course (Altamonte Springs)
September	
4	Site Development Permitting in SW FL (Fort Myers)
9	Excelling as an Expert Witness – Tips and Strategies from a Technical Perspective (Webinar)
15-17	FICE Roadside Design Course (Tampa)
16-17	FES Stormwater Permitting (2-day Webinar)
22	Site Development Permitting in Walton and Okaloosa Counties (Destin)
23	Continuing Obligations and Landowner Liability Protections – the Impacts to Brownfields Project (Webinar)
29	Engineering Sustainability-How to be a Champion! (Ft. Lauderdale)
October	
23	Project Management Filming at UNF (Jacksonville)
