FICE Advanced Work Zone Traffic Control	2
Civil PE Review	2
FICE Advanced Work Zone Refresher Course	3
FICE Roadside Design Course	3
93rd Annual Summer Conference & Exposition	4

## FES/FICE Lunch and Learn Webinar Series

## Call for Speakers

## Share your Expertise!

Interested in sharing your expertise on a specific topic with your peers while helping us provide a valuable service to our members? FES/FICE is seeking knowledgeable speakers with engaging presentations on timely topics to conduct 1-1 ½ hour lunchtime webinars. We're interested in a wide variety of technical and non-technical professional development topics to deliver to our members, so submit your ideas today.

What is a Lunch and Learn Webinar? A Lunch and Learn Webinar is relatively easy to conduct and participate in. Best of all, there is no time away from the office and no travel expenses. Lunch and Learn Webinars take place midday when most people enjoy their lunch breaks. While at their desks, attendees can logon to a dedicated website to view and follow along with a PowerPoint presentation while listening to the presenter via teleconference. Attendees have the ability to type in questions for the speaker to address at a dedicated break in the presentation.

FES/FICE staff handles all coordination details such as promotion, registration, participation instruction and follow-up details such as issuing and reporting professional development credit if applicable. Honorariums for speakers are determined on a case-by-case basis and depend on length of presentation and whether the topic qualifies for PDH credit.

For more information or to submit your interest in conducting a webinar, please submit the presentation title and content summary to Dee Kring, CAE, CMP, Director of Continuing Education at 850/224-7121 or [dkring@fleng.org](mailto:dkring@fleng.org).

## Concrete Paving and Pervious Concrete Webinar

**Date:** June 29, 2009**Time:** 12:00 pm—1:30 pm

Do you have upcoming projects that may benefit from the use of concrete paving, or pervious concrete? Do you just

want to learn more about Pervious concrete and the benefits to our environment, or LEED acceptance?

More information and registration coming soon, please click [here](#).

## 2009 Interest Based Mutual Gains Negotiations for Project Management &amp; Professional Services (Mutual Gains Negotiations)

This course will have practical application for FDOT Professional Services Consultant negotiations, and will include emphasis on interactive exercises and discussion vs. lecture.

4 PDHs

**Locations & Dates:**

- Bartow, District 1—June 9-10
- Tampa, District 7—July 21-22

For more information and to register online, please click [here](#).

## 2009 FES/FDEP Water Facility State Revolving Fund (SRF) Workshop

**Location:** Amelia Island Plantation, Amelia Island, Florida

**Dates:** June 3-4, 2009

### Who Should Attend and Why?

Water and Wastewater Facilities Managers will gain the latest information on water facilities funding and have the opportunity to meet with funding experts from the Rural

Development Administration, Department of Community Affairs, Economic Development Administration, USEPA, and FDEP. Consultants who specialize in water and wastewater facilities design will have the opportunity to meet with their clients in a workshop setting.

For more information please click [here](#).

## 2009 FES/FICE Leadership Conference

**Location:** South Seas Island Resort, Captiva Island, Florida

**Dates:** June 5-6, 2009

### About the Conference:

Leaders make the difference in the work

environment, the community, and at all levels of development. The 2009 FES Leadership Conference will provide the tools and information for today's (and future) leaders to make the difference in FES, in their profession, and in the community.

For more information, please click [here](#).

## FICE Advanced Work Zone Traffic Control

**Location:** Embassy Suites—Tampa Airport/Westshore

**Dates:** July 22-24, 2009

### 20 PDHs of Technical Engineering Credit

The Florida Department of Transportation requires that engineers and project level personnel with responsibility or authority to decide on the specific maintenance of traffic (MOT) requirements pass a certified 20-

hour advanced training course and test in work zone traffic control.

**Who Should Attend?** Professional Engineers; design consultants; and contractors who supervise work zone traffic control areas-FDOT design and construction engineers.

For more information and to register online, please click [here](#).

## Civil PE Review—Parts 1 & 2

**Location:** Embassy Suites Orlando North—Altamonte Springs

**Dates:** Two intense weekends of Civil PE Review return to the Orlando area.

August 21-23, 2009 Review Session I  
September 25-27, 2009 Review Session II

### 15 % Discount on Textbooks when ordered from the FES website

#### Textbooks Required

- Civil Engineering Reference Manual, 11th Edition, Lindeburg, \$169.95

- Practice Problems for the Civil Engineering PE Exam, 11th Edition, Lindeburg, \$59.95
- Civil PE Sample Examination, Lindeburg, \$44.95

#### Textbooks Recommended

- Timber Design for the Civil and Structural PE Exam, 6th edition, Kim, \$52.95
- Seismic Design of Building Structures, 9th Edition, Lindeburg, \$49.95

For more information and to register online, please click [here](#).

## FICE Advanced Work Zone Refresher Course

**Location:** Embassy Suites Orlando North

**Date:** August 27, 2009

**6 PDHs** of Technical Engineering Credit

Renew your Advanced Work Zone Traffic Control Certification. The Florida Department of Transportation requires that the Advanced Work Zone Traffic Control Certification be renewed every fourth year with a one-day refresher course.

For more information and to register online, please click [here](#).

## FICE Roadside Design Course

**Location:** Tampa Marriott Waterside Hotel & Marina

**Dates:** September 15-17, 2009

**24 PDHs** of Technical Engineering Credit

FICE is pleased to offer a three-day seminar that teaches how to design safe roadsides, as presented in the 2006 AASHTO Roadside Design Guide, the Florida DOT Plans Preparation Manual and the Florida Design Standards. **Who should attend?** Engineers, designers, and technicians interested in roadside design and those looking to refresh their knowledge.

For more information and to register online, please click [here](#).

## FES/FICE Now Accepting Applications for 2010 Florida Engineering Leadership Institute

By now you've undoubtedly heard about the FES/FICE Florida Engineering Leadership Institute (FELI). After all, over 200 of your peers have graduated from this program. Founded by FES Past-President John Zumwalt, PE and FICE Past-President Fermin Diaz, PE has been successful in realizing their intentions – to develop a vast network of community professionals and business leaders that will boost the positive profile, stature and public perception of engineering professionals in Florida.

As graduates continue to spread the word about their experiences, we are seeing an increased interest from other FES/FICE members. Many times, the following question is asked: Who Attends the Florida Engineering Leadership Institute? We seek motivated individuals who will use their leadership abilities for the long-term benefit of Florida as demonstrated by:

- A commitment, motivation and interest in serving the profession of engineering in Florida
- A concern for Florida's welfare, demonstrated by past community, professional and statewide activities
- A personal and professional interest in seeking to be in a key volunteer, appointed or elected state, local or regional leadership role profiled in the statewide community of Florida
- Potential or existing occupational responsibilities that have significant influence on important economic, growth management, environmental or infrastructure issues facing the state.

The selection process will target individuals who will enhance the value, stature and exposure of being a class member and Alumni of the Leadership Institute. If this describes you, perhaps you're a prime candidate for FELI.

Simply visit <http://www.fleng.org/leadership.cfm> for complete program information and selection criteria. An enrollment application with submittal instructions can also be accessed from this site.

**To ensure an effective learning environment, class size is limited, so don't delay!**

**Did you know FES/FICE members save up to \$100 each time they register for a live seminar? Not a member and registered for a live seminar? Not to worry, you can still save \$100. Call FES/FICE Member Services Department to learn how, 850-224-7121.**

**ENGINEERING.**

Wish FES/FICE would hold a seminar on a particular topic? Bring more programs to your city? We would love to hear from you! Please email Dee Kring, Director of Continuing Education at [dkring@fleng.org](mailto:dkring@fleng.org).

## FES/FICE 93rd Annual Summer Conference & Exposition at The Breakers, Palm Beach August 5 - 8, 2009

### Registration is Just a Click Away!

Planning to attend the **FES 93rd Annual Summer Conference & Exposition** this summer? To register and to download a brochure, please click [here](#).

**Make Your Hotel Reservations.** Make your room reservations today by calling The Breakers at (888) 273-2537 or online by clicking [here](#). Parking is valet only at a discounted rate of \$15.00 per day for overnight parking.

**The Breakers Palm Beach, has sold out of rooms during the dates of the event.** Please check with the Breakers first as there may have been a cancellation; otherwise, you may want to take advantage of alternate arrangements made with The Colony Palm Beach. FES has arranged for a limited number of rooms for four nights (August 5, 6, 7 and 8) at a reduced rate of \$150 plus tax,

single or double occupancy. Add \$25.00 per extra adult over two in room per night. Two bedroom villas are based upon availability at \$395.00 per night for single to quad occupancy. Villas require two night minimum stay.

All reservations must be guaranteed with a credit card. Cancellations must be made seventy-two (72) hours prior to arrival and no-shows will forfeit their deposit.

To reserve a room, please call The Colony Palm Beach at (800) 521-5525 and reference Florida Engineering Society. A limited number of rooms are available and will be reserved on a first come, first served basis. There are no self-parking fees at The Colony Palm Beach.
